Testimonial from Stephen Stack :

Chairperson Listowel Business & Community Alliance.

I just wanted to write to acknowledge and thank you for all the support we receive from you and the Family Resource Centre in Listowel. As you are aware Listowel Business & Community Alliance have used your facilities for all our main public meetings/events and also for various workshops which we have carried out on behalf of all in the town.

The feedback from Business Owners and Community groups is always very complimentary of the facilities and we feel it is a huge benefit to all in Listowel and indeed the wider community.

Every good wish for your plans in the future and you can be absolutely assured we will do all within our control to continue to support what is an excellent facility available to all in Listowel. Can I also add that Sylvia and Tony and staff are always so welcoming and professional when we use the rooms and the set up and hospitality is always a great experience.

With every good wish for the future,

Stephen Stack
